IPIC-McGill Summer Program in Intellectual Property 2022

Join Professionals from Across the Country to Learn from Leading Practitioners in the Field of IP

Since 1994, the Intellectual Property Institute of Canada and McGill University have gathered some of the top practitioners in the field of intellectual property to conduct a series of intensive, practical summer courses in intellectual property. More than 2,500 professionals from the business, legal, and public sectors have gained valuable insight and hands-on experience by participating in our unique summer program. Our courses are also an excellent opportunity to network with individuals from diverse backgrounds who have an interest in Canadian intellectual property.

Each year, the program offers a comprehensive suite of pragmatic courses to help practitioners in the legal, business, and government sectors keep up to date on the latest in intellectual property. Taught by seasoned IP professionals, the program is made up of three specialized courses in the areas of patents, trademarks, and copyright. Participants can sign up for individual modules, full courses, or enrol in the entire program to gain knowledge of a specific aspect of IP, acquire the insights needed to protect a portfolio of intellectual property, or advance their careers in the area of IP law.

Understanding Trademarks

An Introductory Course: Monday, July 11, 2022 to Friday, July 15, 2022

Module 1 (2 days) Basics of Canadian Trademark Prosecution (July 11 - 12)

Module 2 (3 days) Fundamentals of Trademark Management and Contentious Proceedings (July 13 - 15)

This course is essential for all in house lawyers in Canada that practice intellectual property.

Nicholas Cirino

Well organized, lots of great information! The presenters are top in their fields. Highly recommend this program!

Josie Uberg

Coordinator, Legal Services
Canadian Blood Services

The Understanding Trademarks summer program was a professionally delivered course that has served me well in private industry. The class leaders were both interesting and engaging and their presentation contained the right mix of technical material, relevant case studies and personal commentary.

Richard Cook

CA, President Kamik Footwear

An introductory pre requisite for anyone considering practicing in trademarks. Moreover, why would you learn just from books when you can learn directly from those who wrote many of them and argued the cases contained therein!

Jonathon L. Wescott

B.A. B.Mgt. LL.B
Emery Jamieson LLP

This course is extremely relevant to current trademark practices. Highly recommend it to anyone who works in trademarks or is interested in working in the IP field.

IMPROVE YOUR CAREER PROSPECTS

The trademark landscape in Canada has drastically changed over the last few years, and this course is designed to help educate you on how to protect a brand's most valuable asset. It is more important than ever to learn the nuances associated with the many different ways to distinguish a brand's goods and services from others, learn what you can and cannot register, and respond to Examiners' reports, opposition proceedings and enforcement/litigation issues post-registration. Learn valuable insights from Canada's leading practitioners in workshops and interactive lectures.

KEY BENEFITS

Lectures and workshops cover both theoretical & practical aspects of trademark prosecution, portfolio management, and contentious proceedings, together with information and tools on international filing systems, including the Madrid Protocol. With live lectures, the course will cover all aspects of the Canadian trademark regime and provide "best practices" advice and tips. Live workshops and networking events will further enhance the learning and social experience. There will be a lecture on managing your IP assets from an in-house perspective. Lectures on counterfeiting, border enforcement and transactional law will also be included, which bring added value to the course.

REGISTRATION DEADLINE IS JULY 5, 2022

Understanding Patents

An Introductory Course: Monday, July 18, 2022 to Friday, July 22, 2022

Module 1 (3 days) Obtaining and Enforcing a Patent – The Basics and Why They Matter to Your Business (July 18-20)

Module 2 (2 days) Exploiting IP Rights – Strategies re Patent Portfolio Management (July 21-22)

By the end of the week, the challenge and excitement of establishing a patenting strategy became clear, and I recommend the course to others. Being relatively new to the world of patenting, I found the course tremendously informative and well organized. The format—morning seminars and afternoon small-group workshops—provided ample opportunities for learning, questioning, and reflecting. The speakers and program directors were congenial, knowledgeable, and open to feedback. From a technology commercialization perspective, various relevant concepts are addressed, from patent structure, claim drafting, and office actions, to license negotiation, international filing, and intellectual property enforcement. Thanks to all for a valuable experience!

GET INTO THE GAME – IMPROVE YOUR CAREER

A five-day intensive, practical course divided into two modules. The first module provides an overview of patents and related IP rights, as well as enforcing or attacking a patent. These fundamentals are then connected to the business of owning IP including strategizing an IP portfolio. The second module completes the week, building on the fundamentals and offers insights into managing a patent portfolio in conjunction with your business needs.

KEY BENEFITS

Lectures and workshops deal with the protection of inventions and using the patent system, including the processes for obtaining and maintaining patents in Canada and abroad.

WHO SHOULD ATTEND

Understanding Patents is a must **for anyone involved in patents and patenting, patent agents in training, lawyers (in-house or external counsel), university technology transfer officers, licensing executives and contract managers** – anybody who encounters patents in their work and needs to have a better understanding of the nature and scope of the patent system, how patents are obtained, and how to manage a patent portfolio.

THIS YEAR'S COURSE WILL COVER:

MODULE 1:

- ▶ Patents as an intellectual property right
- ▶ The nature of the patent right
- ▶ The Canadian patent system, EU, China and US compared
- ▶ What can be patented (from life science to software and beyond)
- ▶ Understanding the patent document
- ▶ Drafting patent applications and claims
- ▶ Enforcing patents
- ▶ Trade secrets, designs, and Indigenous knowledge

This year will once again include engaging Fireside Chats with people from industry to provide practical advice regarding how their business works in connection with patents.

MODULE 2:

- ▶ Managing an international patent portfolio
- ▶ Extracting value from patents in business
- ▶ Corporate IP management
- ▶ Patent valuation
- ▶ Patent licensing
- ▶ Tax considerations
- ▶ Competition and settlement considerations

WORKSHOP LEADERS

- ▶ Patent Claim Drafting: **Emma Start** Taiga Motors Inc.

Copyright Master Class

Monday, July 25 – Wednesday July 27, 2022

UPGRADE YOUR SKILLS: Copyright law has become a key consideration in a large number of areas of our society and economy. At the same time, it is becoming more complex, as legislators, courts, public institutions and businesses all struggle to address the impact of new technologies, new uses and new legal issues. Now you have a chance to learn from some of Canada's copyright experts' valuable practical insights into the impact of these changes and how to deal with them.

KEY BENEFITS: In-depth analysis of copyright law with a focus on the changing landscape, including legislative amendments and recent cases. Practical advice from experienced counsel. An opportunity to interact daily with some of the top copyright lawyers in Canada.

WHO SHOULD ATTEND: This course will be of great benefit to **in-house counsel, practising lawyers, librarians, intellectual property managers, contract managers, licensing executives and business persons** who deal with copyright issues as part of their responsibilities or practice. The focus is on practical issues and understanding how copyright considerations arise in a variety of business settings. The course will be of greatest benefit to participants who have been previously exposed to copyright issues. The instructors will presume that each participant is reasonably familiar with general copyright concepts.

I came with high expectations of learning something practical and useful. I was not disappointed. I thank the organizers for their efforts. My time and money were well spent.

Jerry Switzer

Feehely, Gastaldi Law Firm

IPIC's Copyright Course was a highly rewarding and motivating experience. The guest speakers were all knowledgeable practitioners in their fields of practice relaying their experience and practice-oriented advice. The group was one with diversified interests and a good source of networking and stimulating interchange. A definite must for junior practitioners and those wanting to enhance their knowledge of copyright.

Ready, Set, Block: The Future of the Internet?

Moderator **Kristina Milbourn** (Rogers Communications) will join **Ariel Thomas** (Ariel Thomas Professional Corporation), **Sarah Kilpatrick** (Music Canada), and **Hafeez Rupani** (Motion Picture Association - Canada) for a lively discussion and debate over the merits of site-blocking and de-indexing orders as appropriate tools to combat online piracy.

Obtaining injunctions, including site-blocking and de-indexing orders, against intermediaries such as internet service providers (ISPs) and search engines, are increasingly becoming a tool of choice for rights holders around the world to help stem online piracy. However, ISPs and search engines often claim that site-blocking and de-indexing orders wrongly target passive intermediaries, offend the principle of free expression on the internet, violate net neutrality, and offend privacy laws.
